THE MORE YOU KNOW ABOUT THEIR **DIGITAL** WORLD, THE SAFER YOU CAN KEEP THEIR **REAL WORLD**.

OSC WORLD
ALL THE RIGHT ANSWERS

THE SAFETY OF YOUR STUDENTS AND FACULTY IS PARAMOUNT. THAT’S WHY OSC WORLD IS OFFERING A PRO-ACTIVE TOOL TO HELP YOU PROTECT YOUR SCHOOL AND COMMUNITY CALLED DIGITAL FLY™.

Utilizing GeoLocation (Latitude/Longitude/Mapping) to identify targets in a predesignated area, Digital Fly™ searches terms, watch lists, keywords, hashtags, users and groups on Social Medial platforms. The data is tracked and analyzed, patterns and movement are identified over time and ranked for potential threats (bullying, weapons, fights, self-harm). When a threat is recognized, an alert is highlighted and sent.

With the peace of mind OSC World’s Digital Fly™ provides, you can focus on educating your students, confident that OSC World’s Digital Fly™ is watching and listening.

**WITH OSC WORLD’S DIGITAL FLY™, YOU CAN:**
- Monitor social media in real time
- Receive instant alerts
- Create watch lists
- Access data from any computer
- Rewind for 30 days
- Focus on your students with peace of mind

**FEATURES INCLUDE:**
- Watch List
- GeoLocation
- Web-Based
- Tip Line
- Real time monitoring
- Alerts
- Analytics
- 24/7 Access
