OpenURL’s shortcomings

- Date format
- Supplement vs. sup vs. suppl vs. s
- Journals w/o volumes and issues
- Reliance on journal issue level info to connect at article level
Journal articles are the default
Open web vs. closed web
Open web vs. institutional access
Alcohol-related Crime in City Entertainment Precincts: Public Perception and Experience of Alcohol-related Crime and Support for Strategies to Reduce Such Crime

Bars, pubs and taverns in cities are often concentrated in entertainment districts with higher rates of alcohol-related crime. This study assessed public perceptions of such crime in two city entertainment precincts, and support for strategies to reduce such crime.
