Checklist for Investigation

1. Create a Genius Hour folder (*share with Arnett*) in your Google Drive:
   - Title: Name of project/Date (month and year)
   - Create and Title a document for:
     - Driving question
     - Notes from articles

2. Create a Driving Question
   - write an initial driving question

3. Create project calendar: (use a table)
   - What is the due date?
   - Create a calendar by inserting a table
   - Work backwards from due date breaking down projects into manageable parts
   - Use calendar to log daily progress:
     - Look at goal for the day
     - Work completed
     - Goal for next class period

4. Find 3 article on
   - Article 1 annotated
   - Article 2 annotated
   - Article 3 annotated

5. Use your Project folder or on paper
   - Transfer annotations/notes from articles and organize information into each document
   - See example

6. Walk and Talk with 2 different people
   - What is your Driving Question?
   - What you have learned?
   - What you think you will do for a project?

7. Have prepared to get checkoff by teacher:
   - Driving Question
   - 3 annotated articles
   - Organized notes
   - Calendar
