What is a passive program?

- Program that takes some initial planning and set-up but, once in place, is able to be administered easily with little ongoing staff time.
- Families & youth provide the “power” and activity on their own time.
- Can take place continuously throughout open hours.
- Encourages families and youth to return often to the library without a scheduled program.
- Encourages increased check-out through increased library use.

Links to the programs highlighted in this session can be found at Tiny Tips for Library Fun [http://tinytipsforlibraryfun.blogspot.com/](http://tinytipsforlibraryfun.blogspot.com/) blog post for Friday, September 30
