What is MILE?

The Minnesota Library Association Institute for Leadership Excellence (MILE) is a subunit of MLA. MILE gives participants an opportunity to grow leadership skills and connect with other library professionals.

Discover the leader within yourself and learn to lead effectively today—even if your current position is not one of leadership!

MILE helps you:

- Develop & refine leadership skills.
- Develop & move forward on professional & personal goals.
- Network and make connections with people in the broader community.
- Reflect on leadership opportunities available at the local, regional, and state levels.
- Meet and connect with an individually selected mentor.

Who Should Apply?

Are you currently in a library leadership position? Do you want to work towards a leadership position or role? Do you find yourself providing leadership even though your official position might not be in leadership?

If you answered "yes" to any of these questions, MILE is for you!
