Resources for All!

MOBIUS Annual Conference 2016

Tim Auger
Director, eContent and Resource Sharing
Innovative Resource Sharing now

• Sharing of returnables and consortium purchased electronic resources
  – Lowest total cost of ownership
  – Real-time and automated operations
  – Works for all—platform agnostic

• Requesting and supplying non-returnables, ArticleReach for Document Delivery
  – Same design principles as INN-Reach
  – Fast, easy, inexpensive
Resource Sharing of the Future

• World-wide Resource Sharing platform
• Supports a Resource Sharing economy
  – Anything
  – Anytime
  – Anywhere
  – Anyone
• Personalized discovery experience
• Network of networks
• Open APIs
• Linked Data as a door to your library storefront
• Inventory management via the Innovative Knowledge Base
PPOR – Innovative Resource Sharing

Theme: Preparation
- Better support
- Sierra investigation
- NCIP Responder (productize)
- Title Reports
- Maintenance

Release 2.0 SP1
Q2 2015

Theme: Open and Neutral
- Direct to INN-Reach API, v1
- Localized Discovery
- Data mining
  - *Product Parity*
  - Operational efficiency

Release 3.0
Q2 2016

Cabernet

Theme: Cloud City
- More Cloud Building
- Collection Analysis Services
- Operational efficiency
- Analytics

Syrah

Grenache

Thoughts...

• what would you order from your library if you had this type of experience?

• what non-traditional objects does your library lend?

• what is in your attic/garage/storage shed that you would lend?

• what is your personal peer-to-peer experience?
Thank you
