Galeria Cubana: A Collaborative Installation

Faculty Advisor: Greta Trautmann and Idoia Cebria

Students from LA 478 (Uncovering Cuba in the 21st Century) and SPAN 374 Cuba Today: Visual Art, Literature and History) will reflect on their experiences in Havana, Cuba (March 10-20 2017), through multi-modal contributions and presentations. These will explore some of the formal structures we studied while there (Restauration of Old Havana; communication and technology), as well as some of the informal cultural rhythm we experienced. Please drop by for our taste of Havana!
