Ask

- What is the problem?
- What are the wants and needs?
- What do we need to know?

Plan/Create

- Where should we start?
- What will it look like?
- What materials are needed?
Improve

Does it meet the goals?

What could be done differently?

What will make it better?

Test your model
Discuss what you learned.

- Explain what worked well and what didn't.
- How could you improve your design?
