“I can do things you cannot, you can do things I cannot; together we can do great things.”

— Mother Teresa
Technology is a tool
...Working Together

Regroup as necessary
Continue to follow up

Show teacher how to incorporate it.

Meet with teacher to review how it went & student surveys

Find technology that works with their class

Meet with teachers to observe
Getting Started

1. Observing student work.
2. Identifying next week's learning targets.
Teamwork

Sharing a new idea.

Team teaching to the class.
Reviewing what we did.

What could we do next time?
Feedback & Next Steps

Getting and sharing feedback.

Identifying the next level of work.
Following Through

Sharing with your peers.

Follow-through sessions with coaches.

<tbody>
<tr>
<td>1-17-2017</td>
<td>Students have 24 iPads, 12 blue, 12 older. All iPads have ShowMe app installed. Teacher iPad needs update.</td>
<td>Prepare demo literacy lesson for 1/31.</td>
</tr>
<tr>
<td>1-31-17</td>
<td>Show Me vocabulary lesson. Students write vocabulary words and then record their voices as they read the words out loud.</td>
<td>Find a reading article to read.</td>
</tr>
<tr>
<td>2-7-17</td>
<td>Show Me reading fluency lessons. Students take a picture of a reading passage and then record their voices as they read the entire page.</td>
<td>Next week math lesson.</td>
</tr>
<tr>
<td>3-7-17</td>
<td>Show Me Math video lesson. Students do a subtraction word problem. Draw the problem, solve the answer, and write out the equation. Then students record their voices over the video and explain their steps.</td>
<td>Final lesson will be a Kahoot.</td>
</tr>

We are here to support...

**Teachers**
by inspiring and challenging teachers in developing and implementing technology to become digital age educators.

**Students**
in using digital tools to strengthen their learning as they communicate, collaborate, critically think, and create in an increasingly connected world.
