1. Share your “I want/need” statements with your group.

2. Recall what each of you shared at the beginning about what helps you feel you belong.

   We will give each group a learning outcome from the TPE program to work towards

3. Explore how you would work together so that each of you has opportunities to practice the learning outcome provided.

Supporting Questions for Experiment

Guiding Questions:
1. What **processes** would you use?
2. What **resources** would you need?
3. How would you **assess** yourselves and each other?

Reflection Questions:
1. What helped you to advocate for your learning preferences/needs? What hindered?
2. How did your “I want/need” statements create inclusive conditions for others? How did they not?
3. How did it feel to include yourself in the creation of this learning community?

Final Evaluation Question:
1. How can the experience of **co-creation** inform the UDL work you’re already doing?
