A Community of Contributors

This project and collaboration were made possible in part by support from Mico University College and CARE Centres in Kingston, Jamaica, the Global Education Office and the School of Education at Virginia Commonwealth University (VCU) as well as instructional and online support through the VCU Center for Teaching Excellence and the Office of Online Learning. We also thank CAST for their continued research and development efforts to allow for the open access to UDL learning tools.

We especially thank the leadership of Mrs. Angelita Arnold and Mrs. Salomie Evering (Mico University College CARE Centre), Dr. Evelyn Reed, Professor Emerita-Retired, Dr. Kathryn Best, Dr. Patricia Onorato (VCU) and Mr. Tom Woodward (VCU) and all of the doctoral students and Jamaican educators that contributed to building this shared knowledge.
