SCCOE: Equity | Diversity | Inclusion | Partnership
“This Task Force envisions general education and special education working together seamlessly as one system, which is carefully designed to address the needs of all students—as soon as those needs are apparent. Within this system, students who struggle and students with disabilities receive effective services, learn in classrooms that are guided by rigorous standards, and are ultimately equipped to make their own way as adults.”

Pg. 3
“In its effort to institute a single, coherent, public education system that serves all students, California is committed to developing a single accountability system to identify LEAs for technical assistance, rather than developing a separate accountability system solely addressing SWD performance.”

## Equity Report

The Equity Report shows the performance levels for all students on the state indicators. It also shows the total number of student groups that received a performance level for each indicator and how many of those student groups are in the two lowest performance levels (Red/Orange). The total number of student groups may vary due to the number of grade levels included within each indicator. Select any of the underlined indicators for more detailed information.

California 1 Initiative (CA1)

The Inclusion Collaborative Department at the Santa Clara County Office of Education created the "California One: Highway to Success for All" project for students with disabilities, English Learners, and African American students. The grant will increase the knowledge and skills of administrators, teachers, and school staff so that they can incorporate equity and inclusion at their school sites. Technical assistance and coaching will be offered to schools in Monterey, San Benito, Santa Cruz, and Santa Clara counties. Check back soon for more information.
