IV. Reports

A. State of the Association Report. President Amy Boese reflected on the past year focusing on the four areas of strategic plan. Engaging Our Members: subunits and committees are hosting monthly meet-ups to make MLA a year-round association, the membership committee is reaching out to new, renewing and lapsed members, and the Continuing Education Committee continues to be priority, building on the success of meet-ups and MILE. Strengthening Our Organization: membership is up at 600 members, there was good turnout at division and subunit events such as ARLD Day, PLD Day, and CYP Unconference, and we partnered with ITEM to promote ESSA. Educating & Activating a Library Support Network: we are reinvigorating our partnership with the Minnesota Library Foundation, we contacted elected officials via call, mail, email, and social media, had high turnout at Library Legislative Day, and created a new Legislative Working committee. Developing & Equipping Leaders: MILE 2017 was another success; MILE alum are leaders. Where do we need focus? We need better support for librarians and staff of color, more voices speaking on legislative and advocacy issues, yearlong continuing education at all levels, reinvigorating strategic plan, and website redesign.

B. Treasurer’s Report- Treasurer Kate Anderson shared the report from FY 2016. Net assets increased $9,600 over FY 2015, as the association is rebuilding reserves to be in line with policy. For 2016, the Board focused on balancing the budget, while thinking ahead to next year’s strategic planning. MLA’s primary source of revenue is conference registration at 45%, followed by membership dues at 21% of revenue. Advocacy support is 20% of MLA revenue, though it is immediately reinvested in the lobbyist contract. Anderson thanked exhibitors and sponsors for annual conference, as well as other conferences; Fees/Exhibitors/Sponsorships provides 13% of MLA’s annual revenue. Advertising revenue is just under 1%. MLA continues to be a financially sound organization. The Board will begin the budget planning for 2018 next week.
V. Action Items

A. Draft Legislative Platform  
Legislative Committee Chair Elect Ann Walker Smalley shared the 2018 Legislative Platform process and the proposed platform. Walker Smalley reminded members that the platform is voted on in concept, that we are prepared to respond to the legislative session and budget forecast, and that numbers are currently placeholders. Proposed 2018 platform planks are: Regional Library Basic System Support (RLBSS) and Multi-type funding, bonding, a new addition of a school librarians grant pool. Proposed statements of support are: Minitex, Ebooks MN, role libraries play in early literary and out of school learning, broadband for public libraries, increased funding for K-12 Broadband Equity Aid, and a new addition of Local Government Aid and County Program Aid.

Motion by Ann Hutton to approve platform in concept. Seconded by Julia Carlis. Motioned carried unanimously.

V. New Business

A. Plans for 2018  
President Elect Ryan McCormick shared thoughts on his MLA presidential plans. He believes we are a profession grounded in our values and principles and we will continue to pull from those strengths in uncertainty and difficulty. Next year’s annual conference will be in St. Cloud and will focus on how libraries lead their communities including leadership and technology: net neutrality, digital divide, income inequality, and private data. Keep focusing on advocacy, telling our story of who we are, what we do, and why it matters. Focus on support, including recruitment of librarians of color. Focus on continuing education, exploring experiences similar to MILE for different career stages. Redesign the website and create a new strategic plan, will be depending on members to be involved. Continue to build on successes to lead our communities in addressing big problems.
