Agenda

- About ACPS and its approach to technology
- Accelerating student agency and achievement
- Challenges and opportunities
- Next steps
ACPS and its approach to technology
About ACPS

- Approximately 15,700 PK-12 students
- 17 schools, 1 Pre-K center, 1 alternative program
- 31% EL
- 114 countries of birth
- 119 native languages
- 11% SPED
- 58% FARM
The deliberate connection of educational technology with face-to-face instruction to enhance and personalize a deep and meaningful curriculum.
Technology overview

1:1 Chromebooks, 3-12

3:1 Student-to-laptop ratio, K-2

18 Technology integration specialists

10 Gigabit backbone at all schools

1,200+ Wireless access points

24,000 Devices on network

Student Mifis, Spheros, Dash, and Dot robots available
All K classrooms equipped with iPads and OSMO kits
The purpose of the 2018-2023 ACPS Technology Plan is to support the school division in its mission that *Every Student Succeeds*.

Individual schools
Consumable data for teachers

- How much time and effort a teacher has to put in to understanding what the data says
- Look at it quickly, know what it says and not have to second guess where it's coming from
- Be able to access it in a way that allows the teacher to begin their lesson plan within five minutes
End-to-end vision for attaining student achievement

**Clever Goals**
Improving effectiveness of instructional technology

**Single sign-on and rostering**
Improving access to instructional technology
Clever SSO for ACPS
Student agency in the ACPS portal
Full picture of technology

- **Big Ideas Math**: View progress over time
- **Newsela**: View progress over time
- **Reading Plus**: 6,742 students with access, 59.9% have logged in at least once, 29.6% logged in in the last 28 days, 14.9% logged in in the last 7 days
- **SpringBoard**: View progress over time
Consumable data for teachers

Practice of excellence
Next Steps
ACPS first year implementation

- Build plan with curriculum teams and school administrators to engage with data from Goals
- Identify areas for increased equity of usage across schools and content areas
- Utilize data from Goals to understand usage metrics of division resources
