*If you are homeless, you can register to vote using the location of where you sleep as your address. If you sleep outside, write a description of the location on line four of your voter registration application. For example, "In the NW corner of Jefferson Park near the intersection of Winston Ave. and Smith St."

Register before Election Day: If you register before Election Day using an outdoor location as your residence, your voter record will be marked 'challenged' because the county could not confirm a specific street address. You will still be able to vote, but at the polling place on Election Day you will be asked to swear under oath that you are living at that location. In order to better ensure your registration remains active through Election Day, it is best to register within two months of that date.

Register on Election Day: You can also register on Election Day. You will need to show proof of residence. If you live outside, in a shelter, or are staying at a friend's house, you may not have any documents proving you live there. If so, a registered voter from your precinct can go with you to the polling place to sign an oath confirming where you live.

If you live in a shelter, a staff person can go with you to the polling place to confirm you live at the shelter.
