CRITICAL SKILLS FOR 21ST CENTURY LEARNERS

EverFi is the leading education technology company focused on teaching, assessing, and certifying students in the critical skills they need to thrive. Our cutting-edge digital courses are provided at no charge to schools, via our partnerships with private sector leaders and forward-leaning foundations and non-profits.

The EverFi Learning Platform

Through our digital courses, EverFi empowers teachers to bring critical skills education to their classrooms. With resources on a number of topics including financial literacy, STEM readiness, diversity & inclusion, entrepreneurship and health & wellness, EverFi helps teachers address important topics that may not be part of their traditional curriculum. All of our courses map to Texas Essential Knowledge and Skills and STAAR standards. Teachers have access to a simple dashboard that provides real-time student mastery data as well as attitudinal and behavioral survey results. Review our catalogue of courses below to decide which ones you would like to implement in your classroom!

Financial Education

Vault—Understanding Money™
Recommended Grade Levels: 4th-6th
Empower students to be smart financial decision makers while they are early in their cognitive development. By leveraging performance-based games, Vault immerses students in real-life financial scenarios that focus on skill building and responsible decision making, covering everything from saving to making a budget.

FutureSmart™
Recommended Grade Levels: 6th-8th
FutureSmart™ empowers students to become the stewards of their financial futures. This course educates students on the practicalities of daily financial decisions, and the payoffs of long-term planning. From weighing opportunity costs, to delaying instant gratification for long-term gain, students face important questions on their way to becoming FutureSmart™.

EverFi-Financial Literacy™
Recommended Grade Levels: 9th-12th
Build the foundation for future financial well being. This digital course covers core financial topics including everything from common account types to the basics of investing. Students are able to apply their learning in safe, virtual environments to weigh the consequences of their choices and practice good decision-making.

EverFi Course Elements

Pedagogy based on the Universal Design for Learning (UDL) and Teach for Understanding (TFU) frameworks:

- Engaging multi-media adaptive content for all types of learners
- Pre, post, and formative assessments for evidence-based learning
- Certificate-based skill development
**STEM (Science, Technology, Engineering, and Math)**

**Future Goals – Hockey Scholar™**
Recommended Grade Levels: 4th-7th

Bring science, technology, engineering, and math concepts to life using the exciting, fast-paced game of hockey. Through immersive real-life simulations, students build their understanding of fundamental STEM concepts, such as geometric constructions, energy, and forces. In Hockey Scholar, each module is designed to build students scientific thinking and problem solving skills.

**Ignition-Digital Literacy and Responsibility™**
Recommended Grade Levels: 6th-9th

Educate students on the risks that technology can bring to their lives and empowers them with the skillset to leverage technology safely and effectively. The course informs students on both the "nuts and bolts" of how technology works and an introduction to STEM careers, while also placing them in virtual environments to tackle issues including privacy, security, cyberbullying, digital relationships, and the viral nature of the web.

**Radius-STEM Readiness™**
Recommended Grade Levels: 8th-11th

Focus on math, science, and engineering topics such as binary numbers, scientific notation, pythagorean theorem, and probability. Radius reinforces STEM thinking through real-world application of skills, all while exposing students to exciting career opportunities in these growing industries.

**Health & Wellness**

**Healthy Relationships™**
Recommended Grade Levels: 7th-9th

Teach students how to cultivate and maintain healthy relationships during critical middle school years in an innovative digital course that uses evidence-based strategies. It covers key concepts around positive character development, social emotional learning (SEL), and building healthy relationships. Allow students to engage with true-to-life scenarios that include bystander intervention strategies and positive relationship examples.

**Career Leadership & Success**

**Venture-Entrepreneurial Expedition™**
Recommended Grade Levels: 7th-10th

Guide students through their personal journey to become an entrepreneur. While starting a food truck business, students learn to make informed business decisions about their product, pricing, hiring, marketing, and even their business pitch for a potential investor. At the end of Venture, each student leaves with their own e-Portfolio – a dynamic, visual representation of their personalized business plan and personal career goals.

**Texas Points of Contact**

EverFi has a team of schools managers spread across the state to support students, teachers, and schools. You can reach us at: texas@everfi.com

Sincerely,
Bethany, Briana, Dakota, Danielle, & Kevin
