Survey: assessing power dynamics in multigenerational archives

This survey complements session the 2019 Society of American Archivists session 502 "Young, old, seasoned, green: assessing power dynamics in multigenerational archives." It is intended to provide an additional method of collecting feedback for those who couldn't attend the session or attendees who have additional thoughts they would like to share. We aim towards providing an opportunity for candid discussion from which we can learn from each other and begin to better understand each other across age, experience, and other diverse positions/identities. Through these discussions we can explore how we can work together more effectively and collegially in multi-generational archives.

PARTICIPATION
Your participation in this survey is voluntary. You may exit the survey at any time without penalty. You are free to decline to answer any particular question you do not wish to answer for any reason. The procedure involves filling an online survey and the response time will vary depending on how much you choose to share in the core questions. We'd estimate about 10 minutes

CONFIDENTIALITY
Your responses will be confidential and we do not collect or store identifying information such as your name, email address or IP address. Therefore, your responses will remain anonymous.

USE
The results of this survey will be made available online. We may share our findings in publications or presentations. If we do, the results will be aggregate (grouped) data or anonymously cited individual results.

The survey can be found at https://bit.ly/2GKdZGs.
