Conscious Discipline Implementation Guide

Personal Plan

• What three things generated a personal “aha” for you this week?
  1. __________________________________________________________________________
  2. __________________________________________________________________________
  3. __________________________________________________________________________

• How will you expand on this personal interest to begin your implementation process?

• What two rituals seemed the most meaningful for you during the week?
  1. __________________________________________________________________________
  2. __________________________________________________________________________

• What activities/songs/games did you find really helpful?
  1. __________________________________________________________________________
  2. __________________________________________________________________________

• Did you enjoy the Brain Smart Start routine? _____ Why? __________________________
• Did the Safekeeper ritual provide you focus? _____ How? __________________________
• Did your daily commitments offer you success and focus? _____ How? __________________________
• Did you enjoy your job? Did you benefit from the jobs of others? _____
  How does this apply in a School Family? __________________________________________

• What inner speech are you willing to change?
  □ I’m safe. Keep breathing. I can handle this.
  □ You can do it. You can do this!
  □ What are my two choices? Think of two choices and just get started.
  □ Are these thoughts helpful or hurtful?
  □ I feel angry, sad or disappointed. Breathe. I can handle this.
  □ I wish you well.
  □ What am I willing to do differently?
1. **Start your personal “Be a S.T.A.R.” program, then start with faculty, staff and students**
   - Find your personal internal Safe Place then create one for your classroom, school, home or office.
   - Take back your power. Shift from “make me, please me” language to “I’m going to ____.” Once you empower yourself, you will then be able to empower your children.
   - Consciously be aware of your buttons. Say to yourself, “I’m safe, I can handle this. Keep breathing.” Once you are conscious of your buttons, help children be conscious of theirs.
   - Structure: Safe Place

2. **Start your personal Wish Well Program**
   - Create a wish well ritual in your classroom, school or home.
   - Let go of judging yourself and others and begin wishing others well. Then teach this to children.
   - “Careem is having a hard time sounding out his words. Let’s wish him well.”
   - Structure: Wish Well tray, box

3. **Start the day the Brain Smart® way**
   - Teach some activities to unite.
   - Teach some activities to connect.
   - Teach some activities to disengage the stress response (S.T.A.R., Drain, Pretzel, Balloon).
   - Teach commitments. Start with class agreements and move to individual.

4. **Create a “Safety” job description**
   - My job is to keep you safe. Your job is to help keep the school safe.
   - Create a Safekeeper ritual.
   - Walk in the classroom so everyone is safe.
   - Line up and check to make sure you have enough room and everyone is safe.
   - Are you being safe? What could you do now that would be helpful?

5. **Create a School Family™**
   - Name your School Family.
   - School Family song, motto, mission statement and/or flag.

6. **See misbehavior as a call for help**
   - The moment is as it is.
   - The only person you can make change is yourself.
   - Attribute positive intent.

7. **Assertively tell children what to do**
   - What you focus on you get more of.
   - Pivot if frustrated.
   - Give two positive choices or assertive commands.
Routines: What Visuals are Needed?

Explore the following procedures and discuss how you could add Conscious Discipline elements to each.

Before School

- Where do children gather? Is it a huge herd of children? What brain state are children in as they walk to the classroom? What routines and rituals will you add?

Lunch Room

- Are the lunchroom assistants educated about Conscious Discipline? What skills are used to transition students? What skills are used to compose students? Are your routines clearly taught and visually represented?

Playground

- Are the playground assistants educated about Conscious Discipline? What brain state are the children in when they stop playing and get in line? What skills are used to transition children back into a learning mode? Are your routines clearly taught and visually represented?

Bathroom

- What visual routines are posted in the bathroom to communicate the expected behavior? What do students do while waiting for their turn to go into the bathroom?

Dismissal

- Where are children as they wait for their bus/car ride? How are children put on buses? What is the last thing that is said to a child before leaving? What routines and rituals will you add?

Three Year Plan

Year One: Adding

Year One is an “add on” year. Add on to what you are currently doing slowly. Do not attempt to change everything. Here is a reasonable list of what you could expect faculty and staff to add on:

**Routines**
- Brain Smart Start
- Daily Schedule in Pictures
- One Routine Book

**Structures**
- Safe Place
- Job Board
- Ways to be Helpful
- Picture Rule Cards
- Friends and Family Board

**Rituals**
- Safekeeper
- Wish Well
- Greeting
- Absent Child

**Language**
- Assertiveness: “I’m going to ___. “Did you like it?”
- Noticing: “You did it! You ___ so ___. That was helpful.”
- Two positive choices: “You may ___ or ___. Which is better for you?”

Year Two: Letting Go

During Year One, you might have noticed that some teachers’ old practices simply died a natural death. During Year Two, you will start thinking about what you consciously want to let go of. Do you need both a Safe Place and a time out? Do you need a School Family and a reward box? Here is a reasonable list of what you could expect your faculty to implement in Year Two:

**Routines**
- More Routine Books (Make these more visual, more systematically taught, more controlled by the children.)
Structures
• Time Machine
• We Care Center
• Celebration Center

Rituals
• New Child
• Leaving Child
• Testing

Language
• Positive Intent: “You wanted _____.”
• Empathy: “You seem __________.”
• Class Meetings: “I noticed _______.”

Literacy
• Suggested class-made books:
  • Friends and Family book
  • What Bugs Me book
  • How I Turn Bug Crazy Mad Into Caterpillar Calm book
  • Ways To Be Helpful book
  • S.T.A.R. book
    • I’m going to Smile.
    • I’m going to Take a deep breath in,
      And I’m going to hold it.
    • I’m going to Relax by breathing out slowly.
  • Safe Place book
    • What choices you have in the Safe Place?
  • Daily Schedule book
  • Picture Rules book
  • What I Learned This Year book
  • Job Descriptions book
  • Routine books
    • Entering the room, naptime, lunch, etc.
  • I Use My BIG Voice book
    • I use my BIG Voice when _________
      And I say _____________________
  • Our School Family Treasures book
    • ________ is a treasure. We will keep him/her safe.

Year Three: Integration

During Year Three, you will be more comfortable with shared control and personal empowerment. This is a year to focus on integrating Conscious Discipline into your entire curriculum. Weave it in with literacy, science, math, etc. It can become a living way of life, adding meaning to academics. You will be more comfortable with the structures and the rituals, so focus more on problem-solving.
