Excited to have our 1st three guests on the new 30 Goals Bar Room Show! Tomorrow we record. Stay tuned for insights on goal achievement with Lisa Michelle Dabbs, Fabiana Casella, and Theodora Papapanagiotou!

Last year ran another project with my intermediate students inspired by my dear colleague Patty Salguero, an English teacher in Peru. We talked about running a joint project in an attempt to connect our students through arts. We decided to talk about Peace and War, our creativity triggered by Picasso’s painting Guemica.

Finally got my 1st Goal done. Used the sketching app Paper 53, and the #oneword challenge. On to Goal # 2...

Albert Camus’s Beautiful Letter of Gratitude to His Childhood Teacher After Winning the Nobel Prize

by Maria Popova

19 November 1957

Dear Monsieur Germain,

I let the commotion around me these days subside a bit before speaking to you from the bottom of my heart. I have just been given far too great an honor, one I neither sought nor solicited. But when I heard the news, my first thought, after my mother, was of you. Without you, without the affectionate hand you extended to the small poor child that I was, without your teaching and example, none of all this would have happened. I don’t make too much of this sort of honor. But at least it gives me the opportunity to tell you what you have been and still are for me, and to assure you that your efforts, your work, and the generous heart you put into it still live in one of your little schoolboys who, despite the years, has never stopped being your grateful pupil. I embrace you with all my heart.
