- Great for: Flipped Classroom, Videos have built in questions to check for comprehension, Flipped Classroom, Sub planning, In class assessments, Use as homework, All levels of student ability.
Sample Tutorial using Screencastify
How do I do this?

1. Create your own video
   a. iMovie, Explain Everything, Screencastify, Screencast-o-matic

2. “Borrow” (legally) a pre-made video
   a. Youtube!
   b. Use Tubechop to edit length of video
1. **After creation: Upload!**
   a. **Google Classroom**
   b. **Youtube**
   c. **Blog**
   d. **Website**
   e. **Email students**
Sample Flipped Video using Playposit (formally Educanon)

Exponent Interactive Video
Flipped Video—Playposit

1. After Video creation upload to YouTube
2. Insert video link into Playposit
3. Add questions at various points within the video!
4. Finish Build
5. Assign or share!
Now what?

Questions?
If time permits—pick something and try it out!
