AI in general life
ARE YOU AI?
AI happens at intersections

It's not just CS and Math

Think psychology: human perception and cognition, brain research

Think economics: consumer behavior

Think ethics: cybersecurity, privacy

Think linguistics: NLP
Machine Learning
Know what to ask
Know when you are successful
Don’t underestimate the data
Example: financial institution

Data mining
Get it to production
Trust
Take aways

› Know your business
› Don’t underestimate the data
› Get it to production
