The “budget package” consists of the budget bill and budget-related bills.
Bills in the 2015-16 Budget Package

- **AB 93**: The initial 2015-16 budget bill

- **SB 97 and SB 101**: Two additional budget bills that amended the 2015-16 budget bill

- **AB 116**: Another budget bill that amended the 2014-15 budget bill

- **Other bills in the budget package**: AB 95, AB 104, AB 114, AB 117, AB 119, SB 75, SB 78, SB 79, SB 80, SB 81, SB 82, SB 83, SB 84, SB 85, SB 88, SB 98, SB 99, SB 102, SB 103, and SB 107
The state Constitution establishes the rules of the budget process.
The state Constitution sets two budget-related deadlines: January 10 and June 15.
The budget bill and most budget-related bills can be passed by a simple majority vote.
(Proposition 25 of 2010)
A supermajority (two-thirds) vote is needed to approve any tax increase. (Proposition 26 of 2010)
Proposition 26 added this key phrase to the state Constitution:

“Any change in state statute which results in any taxpayer paying a higher tax” requires a two-thirds vote of each house of the Legislature.
The state Constitution contains complex formulas that establish state budget priorities.
K-14 education is guaranteed a minimum level of funding. (Proposition 98 of 1988)
Some state revenues must be set aside to pay down debts and save for a rainy day. (Proposition 2 of 2014)
The budget process is cyclical, not linear.

Decisions are made throughout the year, both in public settings and behind the scenes.
Navigating the State Budget Process

Each year the Governor and Legislature work to craft the state’s spending plan. While the January-to-June period gets the most attention, the process of developing the budget is an ongoing enterprise, giving Californians ample opportunity to stay engaged and involved year-round.

**The Governor**
The Governor has the lead role in developing the state budget. Each year the Governor proposes a spending plan, which is introduced as the budget bill in the Legislature. The Governor can sign or veto the budget bill passed by legislators as well as other bills in the budget package that make policy changes related to the budget. The Governor can also reduce or eliminate individual appropriations using the line-item veto.

**The Legislature**
The Legislature – made up of the Assembly and Senate – reviews the Governor’s proposed budget and crafts its own version of the spending plan. The Legislature can maintain, modify, or reject the Governor’s proposals, with review occurring through each house’s budget committee and related subcommittees. The Legislature must pass the budget bill, but not other bills in the budget package, by June 15. The Legislature can override a Governor’s veto by a two-thirds vote of each house.

**The Public**
The public has various opportunities for input during the budget process. Members of the public can meet with officials from the Governor’s administration and with legislators and their staffs, testify before budget committees and subcommittees, and write letters of support and opposition. Through individual engagement or as part of coalitions, members of the public can express their budget priorities and areas of concern.
