SCHOOL MENTAL HEALTH LEARNING TRACKS

Our Center offers technical assistance aligned to five tracks.

TRACK 1: Integrated Support Systems: Supporting a data-driven approach to understanding the spectrum of ISF, MTSS, PBIS, and other effective need-based services.

- SAMPLE LEARNING EXPERIENCE: “Bullying is a Behavior: How Region 9 Schools Use MTSS to Prevent & Intervene Bullying Experience”

TRACK 2: Trauma & Resilience: Creating an understanding of the relationship between trauma and resilience and mental health, trauma-informed school leadership strategies, and practice/program implementation

- SAMPLE LEARNING EXPERIENCE: School Violence Community of Practice (prevention, crisis response, and school leadership practices)

TRACK 3: Mental Health & Student Learning Outcomes: What student mental health is and its connection to school climate, school safety, and academic outcomes.

- SAMPLE LEARNING EXPERIENCE: Mental Health Literacy and Student Learning Outcomes Webinar Series

TRACK 4: Mental Health Screening & Referral Pathways: Helping school site and district leadership establish strong referral pathways within schools and between schools and CBOs.

- SAMPLE LEARNING EXPERIENCE: School Mental Health Referral Pathways onsite training and e-learning course

TRACK 5: Stakeholder Engagement: Supporting students, families, educators, and community engagement in school mental health leadership.

- SAMPLE LEARNING EXPERIENCE: Stakeholder-driven and engagement by strengthening partnerships and collaboration onsite training
