Get along Swimmingly with CAEP Technical Assistance Project
The Technical Assistance Project, in partnership with CASAS, OTAN and AIR, provides professional development and technical assistance to all 71 Consortia.

CASAS supports AEBG Consortia by providing real-time data to enhance accountability, enable decision making, and evaluate learner progress and outcomes.

The Outreach and Technical Assistance Network provides electronic collaboration and information, and support for instructional technology and distance learning to AEBG agencies.

American Institutes for Research provides research-based professional development catered to and customized for AEBG agencies.

Q&As
Discussion 1

• Each chat box has a statement about teaching adults.
• Choose the one you feel the most akin to.
• Post in the box why you chose this one, and an example of how you do this.
• If you’re not in the classroom, give an example of how a teacher might do this.

Summative assessment data... (Everyone)
Veronica Parker: It is important to adopt instruction based on formative and summative assessment data.

Effective instructional techniques... (Everyo...)

Veronica Parker: It is important to possess content area knowledge and teaching skills required for subjects and populations taught.
2.1. Designs Learner-Centered Instruction and Classroom Environments

### Teacher-Centered

- Instructor answers students’ questions
- Instructor chooses topics
- Instructor evaluates student learning

### Student-Centered

- Students answer each other’s questions, using the instructor as an information resource
- Students have some choice of topics
- Students evaluate their own learning; the instructor also evaluates
