Judy Davison will present “Exploring Distress Caused by Blame for a Negative Patient Outcome: Oncology Staff Experiences.” She’ll describe the incidence and characteristics of distress among oncology staff who have been blamed for a negative patient outcome. To review the full abstract, please see page E66 online in the March 2014 issue of the Oncology Nursing Forum.

Rebecca Lehto will present “Mindfulness Practice and Health-Related Quality-of-Life Outcomes During Treatment for Advanced Lung Cancer.” She’ll share outcomes of a pilot study to test the efficacy of a mindfulness intervention for patients undergoing treatment for advanced lung cancer. To review the full abstract, please see page E76 online in the March 2014 issue of the Oncology Nursing Forum.

Nancy Absolon will present “Evaluation of an Innovative Sleep Intervention for Insomnia in Patients With Cancer: A Pilot Study.” She’ll evaluate the feasibility and efficacy of a brief self-administered sleep intervention for patients experiencing insomnia. To review the full abstract, please see page E80 online in the March 2014 issue of the Oncology Nursing Forum.
