Join us for a four-part session to learn how navigation plays a part in all phases of cancer care.

- Lori Dagostino, RN, BSN, OCN®, will present “Impact of a Nurse Navigator Telephone Intervention in Reducing Unplanned Hospitalizations in Blood Cancer Patients.”
- Teresa Labovich, RN, MSN, OCN®, will present “Gastrointestinal Oncology Navigation: Implementing Best Practices.”
- Gean Brown, MSN, RN, OCN®, will present “Lung Cancer Screening and the Role of the Oncology Nurse.”
- Heather Askren, NP-C, RN, OCN®, will present “Welcome to the Walk Through Colon.”
