What is Adelante?

Adelante is a network of families and organizations working together with the vision to create a society where each family has the power and the tools to raise their children to be happy and healthy, to direct the creation of community services, and to be valued as the experts on the health, education, and wellbeing of their families.

Our goals are:

- Elevate the capacity of the Latino community to build and lead solutions to the issues that affect them through personal and professional development, community leadership, and project support.
- Promote cultural and linguistic responsiveness of organizations so they can serve the community more effectively through collaboration in projects and representation of community members in their boards.

Events and Activities

- Adelante Familias, Learning Together – Quarterly mini-conference
- Lactation Peer Counselors – Support for infant feeding and early development
- Support Group for families for Children with Special Needs
- Monthly Family Events in collaboration with organizational partners
- Family, Friend, and Neighbor childcare providers professional development
- Community Connections connecting families to services
- Community Leadership Program
- And much more!
