Engineering Assessment: Performance Review

Answer these four questions. Give or show/link examples of how you met specific performance levels according to the circle diagram.

1. How did you utilize the makerspace resources in engineering this semester?
2. How did you demonstrate design thinking in engineering this semester?
3. How did you create beautiful work in engineering this semester?
4. How did you collaborate in engineering this semester?

Basic = 3, Advanced = 4, Challenge = 5
