The Question of Time

Reimagining School Scheduling
Sample Schedules!

Choose one of these sample schedules... [http://www.debbiewaggoner.com/scheduling-ideas.html](http://www.debbiewaggoner.com/scheduling-ideas.html)

What does this schedule tell you about this school?
Be careful...

Of the seductive power of ideas like...

- If we do more, faster, it will be better.
  (more/faster/better)
- A longer day is always beneficial
- Changing the schedule is too hard
- But we’ve always done it this way
What do you value?

Take a moment to jot down on the post it notes ... one idea per post it.

What do you value most in a school setting?
What does the schedule value?

What do you think the average school schedule values most?
Your School…

Look at your mission and vision, is there agreement or dissonance between the schedule and mission/vision...

- Identify ways that your schedule enhances the mission/vision.
- Identify ways that your schedule detracts from the mission/vision.
Pedagogy

- What is the underlying pedagogical framework of your school?
- What is required of the time configuration and flexibility that is needed to compliment that framework?
Obstacles/Hard Edges

What are the non-negotiables in your schedule?

- Buses?
- Lunch?
- Shared staff?
The Compromises...

How might we envision the use of time to honor the pedagogical framework/mission/vision... while attending to the realities of the non-negotiables?
Examples of Different Schedules...
