Canvas?!
Hello!

I am Jason Crump

I’m here because I like Canvas, and I hope you do, too!
Who uses it?

The UT system, Baylor, Rice, UNT, Texas State, Stanford, Cornell, Harvard and a whole lot more.
Where Are We Going?
Brightspace Canvas Blackboard Moodle
Schoology Google Classroom Haiku
Absorb Docebo...
As With Any Tech...

Be Brave.
Notable Differences

Canvas
- New; Learning curve for teachers & kids
- Everything is integrated
- Totally customizable look
- Roll content over yearly
- Built-in interactive features
- Canvas Commons for support
- Automatic rosters

Google Classroom
- Easy to use; kids & faculty are accustomed to it
- Toggle through tabs & apps
- Tab colors
- Google Features
- Can’t re-use courses
- Support?!
- Course code sharing
How Do You Pilot an LMS?

You go all in!
What First?
Starting Out

Login to Classlink
Hit the LOGO 📘
Check Out Your Dashboard...
Under **COURSES**

Click **All Courses**

**UNSTAR** the courses you want to ignore

Cross-Listing Courses

1) Choose a ‘parent’ course.
2) Navigate to the course you wish to cross-list
3) Click on Settings in the course menu
4) Click on Sections
5) Click the title of the course under Course Sections
6) Click “Cross-List this section”
7) Search for your parent course.
Other Moves

- Link your Google account
- Set up pages and a “home” page
- Build “modules”
- Embed content
Thanks!
