The live learning game your students will beg to play

Gimkit is a game show for the classroom that requires knowledge, collaboration, and strategy to win.

Made by a high school student

Gimkit is made and maintained by me, a high school senior from Seattle! I work to make Gimkit the game I want to play in class!

“We believe the best way to cultivate a sixth sense to recognise and expose disinformation is to create it yourself.”

From fake news to chaos! How bad are you? Get as many followers as you can.
Classhook

https://www.classhook.com/

How it works

Using ClassHook is as simple as using a search engine like Google.

1. Determine the topic of your next lesson.
2. Enter your topic in the search bar. Alternatively, you can browse the topics in our library.
3. Find a clip pertaining to your topic, and show it to your students during your next lesson.
4. Follow up with a discussion or an activity. Check out some other ideas here.
