Our Values

We work transparently and learn openly.

Diversity is a learning opportunity.

We hold ourselves accountable for empathizing with all the learners we serve.

My classroom is not about me but I am the most influential person in it.
Technology alone will not automatically create truly engaged learners; teachers need to integrate good instructional strategies to help create authentic engagement.

REFLECTING
Push your thinking...

“As an educator, I…”

“This means I’ve encountered challenges when…”

“Therefore I should/can…”
