Translating Vitess: Beginnings

Toliver Jue & Roni He

Engineers, PlanetScale
Need

- Repeated questions from non-JD developers based in China
- Increasing interest in Vitess in China
Goals

- Vitess website - Chinese Version
- Vitess documentation - Chinese Version
- Make Vitess easy to setup and run for every developer in China
Barriers

- Insufficient tutorials, how-tos written about Vitess in Chinese websites
- Lack of Chinese documentation
- Setup help needed, preferably in Chinese
Areas for Improvement

- Vitess website: https://vitess.io/
- Github documentation: https://github.com/vitessio
- Internal Tooling
Guidance and Support

- All Vitess developers can refer to the Style Guide to translate Vitess open source documentation
- JD.com, as maintainer of Vitess documentation in China will check and approve the PRs
Examples

- Vitess intro:(can be linked to following slide )
- setup
- Resharding
