OverDrive Simple Login

The Simple Login feature allows a group of students to log in to your School Digital Library using one easy to remember User ID. Once logged in, students can read eBooks using the OverDrive Read format and listen to audiobooks using the OverDrive Listen format. The browser-based nature of these formats eliminates the hurdles of downloading software and registering a device, streamlining the reading experience.

Franklin Elementary School does not issue ID numbers to its first year students. They use Simple Login so that students can sign in with an ID as simple as “YEAR1.” The school’s youngest students can now borrow and enjoy eBooks and audiobooks quickly and easily.

Springfield School District is holding a teacher in-service day where teachers will be learning how to use the digital library website. Throughout the day, the teachers use the Simple Login to practice borrowing and reading titles.

North Middle School bought 30 copies of Wonder for their 6th graders. Using Simple Login, Mrs. Smith’s class borrowed the copies of Wonder for in-class reading. After two hours, the titles were automatically returned and available for the next class.

HOW CAN SIMPLE LOGIN BE USED IN MY SCHOOL?

- Titles are automatically returned after two hours.
- Titles with holds are filtered out of your collection.
- Titles available exclusively in the OverDrive Read & OverDrive Listen formats.
- No software or device registration required.
- Each student will have a unique Bookshelf.
- The User ID and password (if applicable) are chosen by your school.
- Your login page will remain the same.
- Lending model and digital rights will continue to be honored.
