Integrating OverDrive titles with your classroom tools

Make digital content easy to manage & deliver

OverDrive Education is the leading provider of digital content to schools, delivering eBooks, audiobooks, streaming video & periodicals to meet curriculum and instructional needs. Digital class sets offer a cost-effective solution to supporting device and technology initiatives by connecting the right student with the right title at the right time.

Make your OverDrive digital content easy to manage and deliver by integrating titles with your existing classroom tools like Accelerated Reader 360°, Schoology and Google Classroom.

ACCELERATED READER 360

Purchase OverDrive digital class sets to deliver directly to students through the AR360 app. Teachers can also use the app to view student notes and assign questions and quizzes.
