Food Chain Project

Think of your favorite animal, what is it? __________________

List 3 or more living things below IN ORDER of the food chain from TOP TO BOTTOM. You may use your favorite animal in this food chain, or you can choose a different animal.

[Blank lines for sketches]

Make a sketch of each animal’s head and face (do not include their body). If the living thing is not an animal sketch what that living thing looks like.
When you have finished your sketches, you will create a food chain using construction paper. The animal at the top of the food chain will be your largest factor. As you go down the food chain the biotic factors should get smaller and smaller. Here are a few examples of what I am looking for:
