Tom Schwartzman, Esri
Launch data driven initiatives

Use data to tell a story and to drive action
Problem-first thinking approach to open data
Open Data only empowers commercial developers, journalists, expert citizens.

Departments work in silos.

The chasm: How do you reach the rest of your community?

Everyday Citizens

Approximately

Objective 1:

Reduce a positive level of risk and prevent potential threats that are present in the atmosphere to which the risk, harm, and impact.

Emergency Response Locations

Objective 2:

Increase the affordability of housing for all income groups, including those with supportive service needs.

UNAV Structures

City Code requires that all utility structures be removed or demolished. Property must be kept in a safe, sanitary, and structurally sound condition.

Safety of occupants, neighboring residents, and children is an important consideration. If the property is not test or secured, property can become invested in a variety of ways that can place a burden on the applicant and may affect neighboring residents. Conditions for the property to be in safe, sanitary, and structurally sound.
