Please take a few minutes to talk to one of our interviewers

You’ll help us map the collaborative economy – for scientific research and for OuiShare!
• We are a team of researchers based at the University of Paris-Saclay

• We’ll be at OuiShare Fest 2017 to map the collaborative economy community

• We will ask questions to participants who have been to at least one other OuiShare Fest before

• It takes about 8-10 minutes to complete the interview
• Highlights from the results, in anonymised form, will be published in the OuiShare Magazine
