Tools You Can Use
A How-to Guide for Personalizing Learning at the Secondary Level

Personalized Learning Workshop

**Learning Objective:** By the end of this workshop, I will have tools I can use in my classroom to do one or more of: playlists, menus, or station rotations.

**Station Rotation Sampler Activity** (36 minutes)
Break attendees into 4 groups. Use the station rotation model to showcase the other types of personalized learning tools.

**Station 1 (independent)**
Step 1: Choose a video from a playlist on personalized learning of your choice.
Video options
- Using Playlists to Differentiate Instruction
- A Starter Kit for Differentiated Instruction
- Personalized Small Group Instruction
- Station Rotation Model in Action
- Differentiating with Learning Menus

Step 2: Complete Google Form
https://goo.gl/forms/lNrRKfOF1U0K6gHm2

**Station 2 (collaborative)**
Fireside Chat: choose a topic from the cup to discuss in a circle.
**Instructions:**
- Choose one person to go first. That person chooses one question from the cup and answers it. Each person then answers that question (going beyond just agreeing with or disagreeing with what has already been said.) Discussion rotates clockwise around the circle.
- Then, when everyone in the circle has answered the first question, the person to the left of the first person takes a new question from the cup and answers it. The discussion rotates clockwise until everyone has answered that question.
This process repeats until all questions have been answered or time has been called to rotate.

**Station 3 (partner)**
Look over the following samples
- Tic Tac Toe menu
- Bingo menu
- Dinner menu

Complete a menu for your own curriculum on your device or on paper provided

**Station 4: (Group)**
**Quizizz game**
[https://join.quizizz.com](https://join.quizizz.com) Use Code: _____________
