WHAT IS THIS SESSION ALL ABOUT?
SDP Fellow, David Jansen, Director of Software and Information Solutions at Fresno Unified School District, created a game-like mobile app that provides students with real-time performance data. How can other organizations that are simultaneously in need of innovation but fearful of change adopt disruptive technologies?

WHAT WILL I LEARN IN THIS SESSION?
In this session, David will share lessons learned and strategies for taking a potentially disruptive solution from inception to release. Attendees will receive a research brief that supports the adoption, extension, study, and scaling up of the ideas, tools, and data captured in this capstone project.

WHO SHOULD ATTEND THIS SESSION?
This session is open to attendees with any interest in understanding and discussing student-facing insights, or the potential impact of innovation and/or disruptive technology. This session is appropriate for all participants, even those with no background knowledge on the topic.

HOW SHOULD I PREPARE FOR THIS SESSION?
There is no pre-work for this session.
