GET READY TO CHANGE THE GAME!

What if going to school captured the thrills and excitement of an amusement park? Could classroom activities elicit the same sense of exhilaration you feel when charging the hill in a mud run? And how much more engaged would our students be if a curriculum was filled with the same mystery and mastery you’d expect from a twisting escape room of puzzles and surprises? Packed with lesson planning tips, instructional design ideas, and plug-and-play teaching resources, *EDrenaline Rush* challenges teachers to think differently and push their pedagogy to incredible limits, creating classrooms where students willingly step outside of their comfort zones and boldly dare to attempt the impossible.
