Two Instructional Technology Courses

Chromebook Orientation + Curriculum & Instruction Course = Two Instructional Technology Courses
Logging-in: It’s as Easy as 1, 2, 3!

1. When students open the Chromebook, they will see a screen notifying the user the device is managed by Denton ISD. They should click the blue button that says "next."

2. On the next screen, the bottom button gives the user the option to select "Badge Log-in."

3. Once student clicks on badge log in, the webcam will activate and students should hold badge so that it faces the camera. Once it’s read by the camera, it will log in the students and the SSO page will appear.

Using “Draw It” with Nearpod

Let's practice by drawing a butterfly.

They can draw with the mouse or their finger.

Have the kids draw and then submit the drawing.

You will collect data and show progress over time.
Butterfly Life Cycle Song

(Tune: Row, Row, Row Your Boat)

Song by Suzy Gazlay
Photographs by Sally Brown
Hatch, hatch little egg,
I'm so very small.

Teeny tiny caterpillar,
You can't see me at all.
Crawl, crawl, caterpillar,
Munching on a leaf.
Crawling, munching, crawling, munching,
Eat and eat and eat.
Form, form chrysalis,
I'm a different shape;
Hanging by a silken thread
Until I can escape.
Rest, rest, chrysalis
While I change inside;
Now at last my time has come
To be a butterfly.
Stretch, stretch, pretty wings,
It's a special day;
Soon they will be strong enough
For me to fly away.
Fly, fly, butterfly,
Fly from flower to tree;
Find a place to lay my eggs
So they can grow like me.
I can look at the data to see how the student did.

Hatch, hatch little egg,
I'm so very small.
Teeny tiny caterpillar,
You can't see me at all.
You will look at the top and click on Reports

It will pull up data on the lessons where data has been submitted.

Google Street View

A&C Central Park.com
Google Street View combines Google Maps and Google Earth to create panoramic views along many streets of the world. Most photography is done by car, but some is done by trekker, tricycle, walking, boat, snowmobile, and even underwater apparatus!

Take your students on a virtual field trip around the world using Google Street view. Explore Google Street View experiences below:

1. We already looked at Central Park.
2. Then take a quick look at North Lakes and South Lakes park.
3. Visit some other parks.
   a. Perdernales Falls
   b. Heard Natural Science Museum
   c. Frank Buck Zoo
4. After looking at the maps, list two other places you would like to visit.
   a. 
   b. 
The International Museum of Children's Art

The International Museum of Children's Art in Oslo, Norway is a pioneer institution, being the world's first full scale Museum of Child Art.

Today, the museum's art collection contains art works by children and young from more than 180 countries.
Find beautiful images and cultural items that the kids might find interesting.

After visiting The International Museum of Children's Art in Oslo, Norway, take time to explore some of the options in the Google Arts & Culture menu on the left or using the search magnifying glass at the top right.

I thought this was interesting. Baby-Carrying Belts
