WHAT IS APP SMASHING?

The process of using multiple apps in conjunction with one another to complete a new and creative final task or project.
"Technology will not replace great teachers but technology in the hands of great teachers can be transformational."

-George Couros
Why App Smash?

× Demands creativity and critical thinking
× Demands more of the technology (value for your money)
× Allows for student voice and choice (individuality)
× Maximizes student engagement
× Produces a variety of presentations/products
× Challenge for digital natives
APP SMASH
Endless Possibilities
APP SMASH PROCESS: A CREATIVE PROCESS

1. The End in Mind
2. App Selection
3. App Smash
4. Finished Product
**App Smash: Engage Higher Order Thinking Skills**

**Knowledge**
Recognizing and recalling facts.

**Comprehension**
Understanding and explaining what the facts mean.

**Application**
Applying the facts, rules, concepts, and ideas.

**Analyze**
Breaking down information into component parts.

**Evaluate**
Judging the value of information or ideas.

**Synthesis**
Combining parts to create something new.
Creating App Smashing Fluency

- Create a foundation of creation apps within your classroom
- Explore and Collaborate
- Share and Support
- Independent Creation
- Voice and Choice throughout the process
SEESAW
THE APP TO SMASH!
What is Seesaw?

- Student driven portfolio that empowers students to independently document their learning using photos, videos, drawings, text notes, links, files, and documents
- Used in over 200,000 classrooms, 1 in 4 schools in the USA, and over 100 countries
- Named Best Website of 2016 by American Association of School Librarians, 2016 Top Pick for Education by Common Sense Media, and featured by Apple as “Perfect for Every Classroom”
Teacher Instructional Platform

- Digital portfolios of student work with commenting and feedback
- Communicate with teachers, administrators, parents and share student work (Parent Teacher Conferences, MTSS Meetings, multiple teacher connection)
- Push assignments to students
- Flip lessons to individualize and differentiate instruction
- Classroom social and communication site
- Share work with a broader audience via blog
- Hosts a variety of activity ideas aligned with Common Core
- Ongoing free professional development
STUDENT LEARNING PORTFOLIO

- Create and showcase work in text, pictures, videos, and more
- Student ownership of learning
- Fun and engaging
- Track student work and growth grades K–12
- Connect with peers, parents, and teachers
**Parent Engagement Tool**

- A digital portfolio that gives real-time glimpses into a child’s school day
- Engages parents in the classroom without having to be present
- Helps parents stay in the classroom loop (messages, lessons, etc)
- Allows for opportunities to support a child’s learning

Apps to Smash with Seesaw

Seesaw is compatible with any app or website that supports exporting as a photo, video, PDF, file, or link.

Top 5 Smash Apps

1. [App Icon]
2. [App Icon]
3. [App Icon]
4. [App Icon]
5. [App Icon]
Students create graphic organizers about any topic.
Share their work in Seesaw.
Connect with classmates, teacher, and parents.
**Popplet Examples**

The SSS (Skull) Tall does many things like, instead of having to walk or pay for shipping you can just buy the SSS tall and take it out side. You might be hesitant because it could easily get taken by a stranger, but it is a very easy way to move your things. If you have to house gloves to lift up, it is very simple to use for the person you are sending it to and your own self. It takes the great calories of need,697,000, and woods is no one will see your SSS.

The purpose of the SSS (Skull) Tall is to carry packages and mail to a person for away instead of having to pay for the shipping.

The SSS (Skull) Tall was made in 2017, it was created in the USA.

The robot costs 50,000 dollars.

This is our toy! The Smiling Shipment and Tall.

This is by Abby Zaemok, Josh Kall, and Kami Campbell.
Greenscreen Do Ink

- Students create Green Screen videos using Do Ink app
- Share videos using Seesaw to share!
- Print and post Seesaw QR codes for others to view videos.
GREENSCREEN DO INK  EXAMPLES

Student Voice & Choice!
GOOGLE APPS: SLIDES, DOCS, ETC...

- Students create google doc, google slide, or google form
- Upload to Seesaw by adding a file
Google Drive Examples

Google Slides (PDF)

YouTube

Docs
**PICCOLLAGE KIDS**

- An easy and safe way for students to create collages
- Students can set backgrounds, web search, add photos, and more
- Save to camera roll and smash with Seesaw
Hello!
Here is my name: ADAMARY

Here is a picture of me:

Here is a sticker I like.

Polar bears are strong swimmers. They have a layer of blubber to keep them warm.

Polar bears communicate with their bodies and sounds. Adult bears play or pretend fight.

Polar bears live in the Arctic. This might be Canada, Russia, or Alaska.

Polar bear fur is transparent. It is long and coarse to help keep them insulated.

Polar bear cubs are born with their eyes closed and have thin hair. The mother polar bear is very protective.

Polar bears eat seals. They also eat young whales and walruses.
IMOVIE

- User friendly editing software
- A way for students to create and display their learning
- Can be flipped for content delivery or unit introductions
IMovie Examples

Create, Share, and Inspire!
