ONEDER

21st Century Transition

Educate. Measure. Adjust. Educate

Melissa Michaud
Clinical Product Director
How do we address transition needs of students using technology?
STUDENT NEEDS

- Scheduling
- Modeled tasks
- Step-by-step instructions
- Customized Representation & Personal Supports
TEACHER NEEDS

- Customized lessons and activities
- Data-tracking & reporting
- Collaboration
- Hardware?
- Combining all of the above
What is Oneder?
Oneder enables educators to efficiently create or adapt lessons that are aligned to academic and functional academic standards, yet suited to their students’ individual learning needs.

Real-time data collection provides actionable insight for quick adjustments, leading to instruction that is personalized and progress that is measureable.
Student Needs

Scheduling
I am working for:
Step 1

Go in using the employee entrance
I am working for:
Step 2

I will punch in

Done
Going to work

I am working for:
Step 3

Sort the food items

0:19

-29:40

Modeled Tasks
Student Needs

Step-By-Step Instructions
My Job at the Supermarket
First I will remove the boxes from the pallets.
Go to the aisle that matches the food items that are in your cart.
Last I will place the food items on the shelf in the correct place
Student Needs

Personalized Learning
STUDENT NEEDS

- Personalizing with visual support tools
- Customizing visual representation for varying ability levels
- Embedding real images and video for engaging and contextually relevant learning
Teaching Needs
