Consider the condition of the 10th house and its ruler.

In diurnal chart, the strength or weakness of the Sun is also considered in judgement.

In nocturnal chart the strength or weakness of the Moon is considered in judgement.

This is a general judgement which are valid for all the Kings of the world. To make a judgement on a specific King, consider the rulers of the 10th and the 11th houses.
For example; if Aries is rising in the ingress chart of Constantinople, then Capricorn which is ruled by Saturn will be in the 10th house. So, the judgements concerning the Sultan will be made through Capricorn and its ruler Saturn, based on if it is fortunate or infortunate in the chart.

As a general rule; 10th house is considered the ASC of the Sultan and the judgement is made accordingly.
HIS POSSESSIONS, ASSISTANTS THAT ARE VIZİERS AND SOLDİERS WILL BE REPRESENTED WITH AQUARIUS (2ND HOUSE)
GOVERNMENT, REIGN AND MANAGEMENT WILL BE REPRESENTED WITH LÍBRA (10TH HOUSE)
HIS FRIENDS AND WISHES WILL BE REPRESENTED WITH SCORPIO (11TH HOUSE)

Saturn, Mars and Mercury indicates war and unrest. If these three planets are placed in the same sign and the same house in the ingress chart, then wars and unrest are experienced within this year.

The oppositions and squares of these planets also indicate wars and unrest.

When these planets are placed in ASC, 4th, 7th or 10th houses, then severe wars and unrest will be possible.

When they are in cardinal signs, numerous wars will be experienced.
If Mars squares the Sun in the Ingress Chart, then the kings and the governments suffer from wicked and miserable people and there is an unrest between the people and notable people of the government.

The sign where Mars is placed in Aries Ingress chart indicates war and unrest in cities and countries ruled by this sign.

Note: Countries traditionally associated with Capricorn are UK, India, parts of Turkey and Greece, Germany, Albania and Bulgaria.
1\textsuperscript{st} rule: To find out when it will break out, we should identify the number of days through the degrees from the ASC degree of that Ingress Chart to the degree of significator of the war.

2\textsuperscript{nd} rule: In case of there are two planets that signify the war, then the war breaks out when these two significators make an exact aspect. For example, if Mars makes a conjunction with Saturn, then the war breaks out when they make an exact conjunction.

3\textsuperscript{rd} rule: If Mars in the 4th house is the significator of war, the degree between the ASC degree and Mars indicates the number of days after Nawruz (Aries ingress)
