Our Life Purpose

• Without a purpose in life, it's easy to get side-tracked on your life's journey. It's easy to wander and drift, accomplishing little.

• When you are on purpose, the people, resources and opportunities you need naturally gravitate toward you.
Find a place inside where there's joy, and the joy will burn out the pain.

-Joseph Campbell
Meditation
Our Life Purpose - everything else stems from getting in touch with that which we are put on this earth to do!!!

• We all have a life purpose and when we align our choices and actions with our life purpose, things become easier and we experience more success, fulfillment and joy.
• Clues to your life purpose start with Venus - tap into what brings you the most joy and passion. Discovering your purpose starts with allowing yourself to have an aspect of fun and fulfillment in everything you do.

• And that leads to the Jupiter energy center - ability to see the bigger picture, new possibilities, bigger vision, understanding, but also material values.
• Jupiter represents a higher being that we carry inside ourselves.

• When we activate Jupiter and Venus in our natal chart we start living our Dharma. We use our Soul gifts.

• The world benefits, too!!!!
The size of your world is inversely proportional to the size of your ego.

Hey Frank, how's that "big fish, small pond" theory workin' for ya?
