“Play while we wait”
Integrating Technology Into High Impact Centers

Krynica Drake
@APSITKrynica
Hello!

I am Krynica Drake

I am an Educational Technology Specialist for Atlanta Public Schools. I am a certified Microsoft Innovative Educator Expert & Trainer, Certified Google Trainer, Promethean Master Educator, Certified BrainPop Educator, a SeeSaw Ambassador and a member of the certified Alpha Squirrel program.

You can find me at @APSITKrynica

#2019UTC
School vs Learning by George Couros

School:
- Promotes starting by looking for answers.
- Is about consuming.
- Is about finding information on something prescribed to you.
- Teaches compliance.
- Is scheduled at certain times.
- Often isolates.
- Is standardized.
- Teaches us to obtain information from certain people.
- Is about giving you information.
- Is sequential (A-B-C-D-E).
- Promotes surface-level thinking.
- @gcouros
- bit.ly/schoolvslearning

Learning:
- Promotes starting with questions.
- Is about creating.
- Is about exploring your passions and interests.
- Is about challenging perceived norms.
- Can happen any time, all of the time.
- Is often social.
- Is personal.
- Promotes that everyone is a teacher and everyone is a learner.
- Is about making your own connections.
- Is random and non-linear.
- Is about deep exploration.
- @sylviaduckworth
THE FUTURE OF EDUCATION Video

@APSITKrynica
Wakelet

Save, organize and share content from across the web with Wakelet. Save articles, videos, images, Tweets and more, organize them into stunning collections.

#2019UTC

Your Wakelet’s title

A description goes next to show the purpose of the collection.

- Add a text block (or lots of text blocks) so each student can contribute text.
- Add image blocks with photos students find – or take themselves.
- Add links to make collections of web pages or to point to resources.
- Add PDFs to your Wakelets that viewers can view and download.
- Add social media posts in your collections. Great for schools/districts!

Create a title and a description. Then, start adding items to your collection.

Add text, links, images, PDF files, tweets, and more. With the link option, you can add just about anything from the web to a Wakelet collection.

Let contributors add to your collections by giving them a link or inviting them via email.

When you’re done, you can share your Wakelet collections with a link, QR code, through Google Classroom or by embedding it in a website.
