Evaluating Your Reading Culture

☐ Does your school have a literacy team? Are you on it?
______________________________________________________

☐ What are the literacy team’s goals?
________________________________________________________

☐ Is literacy on display? How?
________________________________________________________

☐ What kinds of literacy practices do you see?
________________________________________________________

☐ Are literacy practices current or outdated?
________________________________________________________

☐ What does independent (or silent) reading look like?
________________________________________________________

☐ Are interactions about books “real” or artificial?
________________________________________________________

☐ Do your library services go beyond checkout and readers’ advisory?
________________________________________________________

☐ How do your library policies promote reading culture?
________________________________________________________

☐ Other evidence/notes____________________________________
